

原田佳尚特任准教授が成都中医薬大学のUniversity Horizon Programにおいて、onlineで招待講演を行いました。

University Horizon Program (UHP) of Chengdu University of Traditional Chinese Medicineの招待講演を受け、原田佳尚特任准教授がonline講義を行いました。（2025年11月18日）

今回は、3年ぶり2回目のUHP招待講演であり、About frequently used Kampo medicines in Japanをテーマに日本で頻用される漢方薬について、evidenceや自身の研究成果を講演しました。本講座大学院生の于鎮瑋君の協力の下、当日は1000名（満員）の教員や学生がonlineで聴講し、関心の高さが伺えました。

Invitation letter of 2025 University Horizon Program
(Xing-lin International Month) of
Chengdu University of Traditional Chinese Medicine

September 19, 2025

Distinguished Dr. Yoshinao Harada,

In the golden autumn adorned with phoenix tree leaves, and within the realm of Traditional Chinese Medicine, minds gather in wisdom, bathed in the cooling breeze of enlightenment. In this beautiful season, we cordially invite you to join us at Chengdu University of Traditional Chinese Medicine for the event of 2025 University Horizon Program (Xing-lin International Month) themed on "Boundless Dialogues, New Insights in Motion - Face-in-face with Overseas Mentors". The program this year would invite experts and scholars from different countries and regions to continue the boundless dialogues in medical world and enlighten minds of students through on-line teachings.

The program aims to strengthen international academic exchanges, cultivate students with an inter-disciplinary vision, foster higher education branding and create an international educational environment. This year, we strive to continue broadening the international vision of our students, and enhancing students' global competence literacy, with the introduction of a series of high-quality cutting-edge lectures.

In view of your high academic achievements and good partnership with
